WD HUNSLET 4-6-0T in 1:19 Scale

Hunslet produced 155 of these 2' (60cm) gauge locos during WW1 for service behind the trenches in France. After the war, a total of about 26 locomotives seem to have been shipped to Australian sugar cane mills. Five locomotives survive in private preservation. The model will be available in either 32mm (gauge 0) or 45mm gauge (gauge 1) and will only be available in satin black (with no running number)

Specifications	Features
Scale: 1:19 (16mm:1ft)	Butane fired
Gauge: Either 32mm or 45 mm (non adjustable)	Two slide valve cylinders
Construction: Brass & Stainless Steel	Single flue
Mini. Radius: 54 in. (1.4 M)	60 psi working pressure
Length: 13.8 inches (350mm)	1/2" Pressure Gauge
Width: 3.9 inches (98mm)	Water sight glass
Height: 5.6 inches (143mm)	Simplified Walschaerts valve gear

Versions available (subject to production batch)

S19-29A	WD Hunslet 4-6-0T 45mm Gauge Black
S19-29B	WD Hunslet 4-6-0T 32mm Gauge Black
