Mamod

Traction Engine 1313

MAMOD had been producing the steam roller since 1963 with well over 500,000 units being produced. This simple and robust model is an excellent choice for a first steamer. It comes with a whistle, safety valve, water level window, forward and reverse lever, steering extension control and a removable canopy. Fired by solid fuel tablets (supplied).

Specifications are subject to update as development and production proceed and may change without notice.
