Victorian Railways Narrow Gauge Rolling Stock Kits

The paints specified when the kits were first released were all readily available, off the shelf items but with the passing of time some have been discontinued or replaced. Here is a list of alternate colours to help with your modelling.

White Knight 'Warm Ochre'

Used on all the passenger car stock interiors.

Now replaced with **White Knight Touch Up - Harvest (Satin)**

White Knight 'Claystone'

On most of the freight stock, the rusty brown colour is called 'Claystone'.

Now replaced with **White Knight Touch Up - Headland (Satin)**

White Knight 'Gloss Burgundy'

Now replaced with **Dulux Dura Max 'Gloss Indian Red'**
